2.						YES	NO	suggestion by R4C	GLUE	STITCH	Odour neutralization

Comments (e.g. additional work): _____

We are the official servicepartner of La Sportiva and Five Ten.

¹ The rubber edge has to be renewed when it is too sleazy or there are holes in it. Otherwise there won't be possible any professional repairing. The rubber edge has got 1,8mm and costs 8,- € per shoe. If you don't want to have any rubber edge in no way, please mention it in your order. Big holes in the toe-cap will be charged with 2 Euro for each shoe. **The rubber edge can only processed together with the sole. JUST RUBBER EDGE IS NOT POSSIBLE!**

² The choice of gluing and stitching is for additional work (e.g. stitching donning, gluing rubber heal, gluing vacancies). **Gluing and stitching depends on working hours needed. Desinfection treatment (antibacterial) on ozone and silver base: 2,00 Euro / pair.**
